#### M. E. CHURCH NOTES

many quickened. The attendance was  
large throughout. The afternoon meet-  
ings were especially profitable and rich  
in blessing. Let the spirit of faith and  
work abide and results looked for all  
the time.

people along the line of Des Moines to  
Centerville by way of Franklin township,  
Marion county, to find out what the  
sentiment is in support of an interurban  
service railroad. This line would be  
mainly along an earlier survey known as  
the Gates project. This line between  
Belinda and Russell will come within  
easy reach of Chariton (6 or 7 miles),  
and would give your city a first class  
railroad service to the north via Des  
Moines. Our Company wishes to get in  
touch with your leading business men.  
I enclose two circulars giving you a few  
dates. Please let me hear from you.  
Respectfully yours,
